

## Introduction to JEHUB

JEHUB is a growing, student-led initiative dedicated to empowering learners through collaboration, community, and hands-on experience. Built by and for diploma students, JEHUB stands out as a reliable platform where knowledge meets real-world relevance. What started as a small idea is now a thriving space where learners grow, share, and lead - together.

## Mission & Vision 🔥

Mission:

To create a free, inclusive, and student-friendly platform that supports academic growth, skill development, and community learning - especially for diploma students in Jharkhand.

Vision:

While JEHUB envisions becoming a pan-India student tech network in the future, we are currently focused on serving diploma students under Jharkhand University of Technology (JUT). Our goal is to become the most trusted student community for JUT learners by providing regular updates, academic support, and collaborative learning spaces.

## Core Objectives or Motive

- Centralize all important JUT updates - exams, notes, resources & events
- Build a supportive network of diploma students from similar backgrounds
- Create consistent learning & contribution opportunities through real tasks
- Support academic and career growth with peer mentorship and guidance

## Key Features

- Dedicated JUT Updates: Notes, exam dates, events - all in one place
- Built by Diploma Students: Core team understands the exact curriculum & challenges
- Open Contributions: Tasks in dev, design, content & outreach
- Active Since 1 Year: A growing and reliable space led by students for students

## Target Audience

### Target Audience

- **JEHUB** is built with a deep understanding of who we serve. Our primary audience includes:
- Diploma students of Jharkhand, especially those enrolled under Jharkhand University of Technology (JUT)
- Students who are looking for reliable academic resources, such as notes, updates, and event alerts—all in one place
- Learners who feel lost navigating the JUT curriculum and want a student-led space that understands their daily challenges
- Beginners curious about tech, community work, or building real-world skills through collaborative projects
- Students who prefer a free, transparent, and peer-supported environment over typical paid platforms
- Diploma students of Jharkhand, especially under JUT
- Students seeking reliable academic resources and peer-led guidance
- Beginners interested in joining tech & community-based projects
- Anyone looking for a transparent and collaborative student community

## Scope & Future Plans

In the coming months, JEHUB will continue expanding its presence in diploma colleges, offer micro-events, live sessions, project-based learning, and build a strong, digital presence for campus-level collaboration. With plans to launch JEHUB Campus Chapters, we aim to build a self-sustaining model across Jharkhand.

## Founder & Team

JEHUB was founded by  **Aditya Hansda**, a visionary diploma student who wanted to build a space where fellow learners felt heard, guided, and connected. The initiative began with a small group of students from the same branch and specialization, which gave us a focused understanding of the academic flow and student pain points within the JUT system.

As we've grown, so has our team. Today, JEHUB is proudly mentored by individuals from varied branches and

backgrounds, bringing together diverse expertise to support students across disciplines. Whether it's navigating notes, understanding exam patterns, or accessing event opportunities, our mentors are here to

guide every learner. This cross-branch collaboration ensures that no student feels left out—and every learner, regardless of specialization, finds JEHUB a place they can rely on.
